- **Deployment & Tools:** Vercel, Sass, JWT, Multer

PROFESSIONAL EXPERIENCE

Full Stack Developer
GramPro Business Service Pvt.Ltd, Thrissur, Kerala
March 2024 – Present

- Built dynamic, user-friendly web applications leveraging HTML, CSS, Bootstrap, and JavaScript, ensuring mobile responsiveness and cross-browser compatibility.
- Developed interactive UI components using React and Angular while integrating Redux for seamless state management.
- Designed scalable RESTful APIs and implemented SQL databases for backend functionality.

Frontend Developer
GramPro Business Service Pvt.Ltd, Thrissur, Kerala
October 2022 – June 2023

- Developed responsive and visually appealing web interfaces using **HTML**, **CSS**, **Bootstrap**, and **Tailwind CSS**, ensuring seamless user experiences across devices.
- Translated wireframes and prototypes designed in **Figma** into fully functional and optimized web pages.
- Collaborated with cross-functional teams to maintain consistency between design and development, ensuring pixel-perfect implementations

Graphic Designer
Intense, Thrissur, Kerala
February 2021 – March 2022

- Produced high-quality graphics and edited images using Adobe Creative Suite for marketing and web content.

- Collaborated with teams to align design elements with brand guidelines and project goals.

PROJECT HIGHLIGHTS

Rent A Car Website *(Live Demo:* https://rent-acar.vercel.app*)*
- Designed and developed a fully responsive car rental application with user roles for customers, dealers, and admins.
- Integrated advanced features, including reservation workflows, notifications, car filtering, user profiles, and payment gateways.
- Utilized the MERN stack with Redux for state management, building the front end using React, React Router, Axios, Sass, and Bootstrap.
- Engineered a secure backend with Node.js, Express.js, JWT authentication, and MongoDB, incorporating file uploads via Multer and Cloudinary.

CERTIFICATION

Full-Stack Web Development (MERN Stack)
Illinois Tech US | Entri Elevate | **Oct 2023 – Pursuing**

- Gained in-depth expertise in MongoDB, Express.js, React, and Node.js by completing real-world projects.
